

Resources

Find out more about the Gender DNA in the following sections:

- Workshops & Presentations

Our Workshops and Presentations.

- Articles

General and Research Articles about Transgenderism and Gender Dynamix.

- FAQ's

Everything you want to know about Gender Dynamix and Transgenderism. If your question is not listed, please send us a message.

- Life Stories

Transgender people sharing their life stories with you. They are very personal, but might help you to understand transgenderism or you might find parallels to your own life.

Every life and journey is different. If you have your own life story to contribute, please contact us. You can choose any form and language you are comfortable and may stay anonymous if you wish.

-

Workplace

Information for Employers about Transitioning. Many resources and Policy Documents are also located in the Download section. Please contact Gender Dynamix if you require more in dept information or if you have an employee transitioning within your company.

-

Gender Dynamix Forum

Get in touch with other members of our online community. You need to register (for free) to have access to the forum and online community.

-

International News

View our collection of International news, either via Google, Yahoo or Out for Democracy. Links to hand-picked news are also in our hand picked boomark list.

- Recommended Books

Browse through our list of recommended books. If you come across a book which should be listed here, please let us know.

- The Gender Dynamix Gender Tests

How male or female is your brain? Find out with the COGIATI (COMbined Gender Identity and Transsexuality Inventory), Kate Bornstein's Gender Aptitude Test or with the combination of the Empathy (EQ) and Systemizing Quotient (SQ) developed at the Autism Research Centre at the University of Cambridge.

- Event Calendar

Looking for the next support group meeting or another event? Check out our Event Calendar. To have your event listed, please contact us.

- Downloads

Documents you can use in our Download Section. Guides, medical info and Research Documents find their home on the web here.

- Web Links

More information from other websites.
